To whom it may concern:

It is my pleasure to recommend the Liposmothe procedure offered by Revitalift Aesthetic Center located at 2801 Pine Lake Road Suite L, Lincoln, Nebraska. The reason I feel compelled to acknowledge Revitalift is because of the outstanding service and the exceptional results I experienced. Dr. Staheli was not only concerned about achieving the best possible results, but it was evident that my safety was of the utmost concern. He actually postponed one of the procedures until further medical studies came available and felt confident we could proceed. This is despite the fact the same procedure was already being performed in several clinics throughout the country. His cautious approach put me at ease and increased my confidence in his abilities. Follow-up was very thorough and no complications were experienced. In addition, I would like to recognize the excellent care I received from the staff and owner throughout this process. Their knowledge, willingness to accommodate my needs and empathetic nature made me feel like more than just a customer. My compliments are not limited to the Liposmothe, but also to the other services I have received.

My thanks to Andie, Angie, Leah, Lynn, Jamie and Dr. Staheli,

James Volkmer
